THE ISSUE OF PRODUCE CERTIFICATES. Mr. Macune proceeded to explain the process proposed to regulate the issue of produce certificates. He said that the necessity for excluding imports of agricultural products was obvious if the quaity of the certificates was to be preserved. The certificates would constitute the soundest and best currency in the world. Probably not one-half of the \$50,000 .. 000 appropriation asked for to put the new machinery in action would be required, but the sum should not be absolutely fixed at a minimum as in time it would be necessary to extend the system to include all of the producte of labor not covered by patents.

In conclusion Mr. Macune said that the National Alliance had not sent out a single printed petition, and that those petitions and demands now pouring in upon Congress were the spon-taneous offerings of the farmers of the United States, who were convinced that they know what they wanted and were going to have it. learning is the demand of the age, and believ- ME, FLOWER THINES THE FARMERS SHOULD GET
